Factual Allegations

5. This matter arises out of false and defamatory statements by defendant A.B.I.A., acting in their capacity as sole decision makers or public establishments well established recently with unknown history as the airport had recently built and established with new naming from the previous one of name domestic Mueller Airport. The defendant as represented by its agents and gangs was alleging plaintiff Saturn as stalker and one who had made or plot car bomb planted in his car while it was parked in his parents' house garage, and the bomb was supposed to be detonating at 08:30 am..
6. A.B.I.A. seems to have been conspiring since at least 2002. One of A.B.I.A. skinny tall employee has been witnessed hanging out in the area. He may have lived in the area of North West Austin Texas 78759. After long term stalking A.B.I.A. seems to have succeeded in conspiring on the plaintiff

Saturn with Ex. Tiger Market Store employees from Algeria Nouredine DammouA and else store workers at the Exxon located at the intersection of Braker Ln. and ten thousand block of North Research Blvd. N.W. Austin Tx. 78759.

7. Plaintiff Saturn had gotten physically attacked in the Tiger Store at Exxon gas station located at ten thousand block of North Research Blvd. North West Austin Texas 78759 on or about September, 2007 at 03:30 am..
8. Kristen Indiana has been conspiring with the A.B.I.A. worker and the ex-Tiger Market Store workers since then. A.B.I.A. worker and agent had then started to go to Starbucks Arboretum Market early morning to get his coffee as he used to get his coffee from Exxon gas station prior to such incident. I used to stop by to drink red bull. I used to know the Exxon gas station workers, and the Starbucks Arboretum Market baristas and Manager as I used to stop by both locations since 2002.
9. Another A.B.I.A. agent and worker who is suspect in direct stalking on myself and my immediate family members such as my three nuclear siblings and my two parents had moved to a nearby building at La Mirage Apartment located at 11500 Jolly Ville Rd. Austin Tx. 78759 where I had lived from February-March, 2004 until September, 2008.
10. Kristen Indiana Starbucks Arboretum Market has been seeking injuries against me, against my three nuclear siblings and my two nuclear parents since 2005. Kristen Indiana has been criminal stalker who has been repeating

same sound of criminal jealousies while going in long term criminal slanderous defamatory public speech.

11. Kristen Indiana has been seeking the help of the at least two known A.B.I.A. agents to succeed in her long term planned criminal attacks until she had succeeded directly or indirectly on May 16, 2010 and on May 29, 2010 am..
12. On May 16, 2010 on or about 04:30 am. a skinny white short lady of height of 05'05" or shorter, black eyes, had showed up to the inside of the A.B.I.A. airport near where Delta airlines counter was located near the American Airlines slandering out loud while practicing her anti origin defamatory public speech." That's Lebanese guy the stalker, he made car bomb in his car, parked in his parents house garage, it is going to detonate at 08:30 am.." An A.P.D. police officer was standing nearby, had reported the slandering to the A.P.D. police dispatcher. I didn't interfere any ongoing behavior. I was just trying to go to the French part of Montreal Quebec Canada to spend couple days in the city of French culture.
13. A tiny skinny tall guy of short black hair and of black eyes, was walking around the numerous travelers while being dressed up a black suit and white shirt with black tie slandering." The lady in Starbucks Arboretum Market said that he is stalker. The lady over there has said that he had made car bomb that is going to detonate at 08:30 am., what do you think?" The skinny tall guy was found driving brand new black Chevy SUV. The ex-home owner's condo near the U.S. Western District Court with dealer safe key box attached on its

passenger window. The skinny tall guy waved to me in his hand while he was driving the extended size chevy SUV. To call on the phone. At that time, I was walking back to me car at about 11:30 am. after stopping by the entrance of the building on May 25th., 2010, where there were guys with cowboy hats moving furniture to All My Brothers moving truck. The movers had slanders that" The Lebanese guy the stalker." There is a bar and restaurant at such spot of the building where no one could claim such move as in violation to any laws. Upon walking to the pedestrian bridge where there is a river nearby, someone underneath the bridge had knocked the bridge from underneath very hard. I assumed that the knocker was a drug dealer like the one found hanging on tree branch off Balconies Wood Drive N.W. Austin Tx. 78759 on April, 2010 at 3:55 am..

14. While riding the Canadian subway during the nine days stay in Montreal Quebec Canada as a daily routine usual, and while all ladies were slandering that's the Lebanese the stalker and the else ongoing updates; a lady had slandered:" That's Lebanese guy the stalker he has emotional disturbance."
15. The defendant A.B.I.A. & co-defendants should have gone into wide range of uncountable practice of Libel, defamation and even unknown threatening as the defendant ABIA. have gone into contacting airlines, pilots, ABIA. Workers, security companies, aerospace companies, public schools, public universities, public contractors, Military establishments and many else public government agencies placing wrongful defamatory public speech and arising high level of libel about bomb threat.

16. The defendant ABIA. Should have been engaged in online discussion about the subject and noticed that many other people seemed to be experiencing similar issues to theirs. Defendants were inspired by concepts that they learned while they were growing up.
17. Upon information and belief, defendant ABIA. has also engaged in a campaign of harassing myself and my immediate family members who live with myself at the same house, and my family members around he globes while often utilizing false allegations whom myself as plaintiff has been disagreeing with.
18. Defendant ABIA. had placed numerous of phone calls to numerous local, international and regional governments members and high ranks police and military personnel and gangs' leaders warning and rising up warning to a car bomb threat seeking animosities in requesting possible severe condemnations and possibly injuries against the plaintiff Saturn.
19. As defamatory public speech has arisen, Defendant had gone into cyberstalking against the plaintiff Saturn.
20. Plaintiff Saturn was forced to spend many days outside the country in Montreal Quebec Canada from May 16, 2010 until May 25, 2010 until Defendant A.B.I.A. cool their defamatory public speech, libel and slandering practice down off public. Plaintiff Saturn was slandered in Montreal Quebec Canada night time: "That's the Lebanese guy the stalker, he's spy."
21. Plaintiff Saturn has never met the A.B.I.A. agents who were practicing defamatory public speech slandering in the International Airport.

22. Upon return from the nine days trip which was supposed to be two nights stay, Defendant A.B.I.A. represented by Hertz counter office worker had slandered.” That the Lebanese guy the stalker, he’s back.”
23. Upon information and belief, Defendant A.B.I.A. represented by its employees, contractors, started stalking the plaintiff Saturn seeking more injuries against the Plaintiff reputation as they kept profiling the plaintiff Saturn in Atlanta Georgia International Airport and in Trudeau International Airport.
24. Defendant A.B.I.A. has started to stalk Plaintiff Saturn while practicing highly elevated level of cyberstalking, Libel, Public Speech and Slandering.
25. Defendant A.B.I.A. has reached out to Trudeau International Airport preparing the public for harassments and defamatory public speech.
26. Defendant A.B.I.A. agent was represented by their agents in Trudeau International Airport had threaten in front of Canadian police officer standing on the side of tarmac exit:” He’s F.B.I.. Another agent had slandered: That’s the Lebanese guy the stalker, he made car bomb in his car, parked in his parents garage, it had detonated at 08:30 am..” The second agent had slandered her defamatory public speech when I was at the Canadian Patrol Border Agent line waiting my turn to get my U.S. Passport to be stamped for tourist visa entry.” The Canadian patrol border agent had slandered:” They are probably doing this because he is Arab, and because the people in Austin Airport are racist.”
27. At all times material herein, upon information and belief, Defendant A.B.I.A. used several different Twitter accounts, public emails, public phone

calls to harass and tortuously injure Plaintiff Saturn. Defendant A.B.I.A. represented directly or indirectly by its agents, employees, representatives, contractors, nearby Texas National Guards Base, nearby Austin Police Department station, City of Austin and on-board DHS., A.B.I.A. Security Guards, Cab Drivers in nearby staging area, Agents to that of Defendant A.B.I.A., giving the appearance that their Libel, Defamatory public speech and slandering was official account of Defendant A.B.I.A., and that they were sending messages on behalf of Defendant A.B.I.A. to warn the communities, their families and their friends in land, in space, in the ocean and abroad of the Defendant A.B.I.A. sound of believe into the malicious slandering defamatory public speech.

28. Upon information and belief, Defendant A.B.I.A. has also been engaged in a campaign of harassing among other individuals, Public University officials such as the ex-home owners who have been employed by the U.T. Austin, and whom plaintiff would disagree with them on such harassment and biochemical attacks.

29. The plaintiff Saturn believe that Defendant A.B.I.A. had threaten to attack plaintiff Saturn after returning from his trip to Montreal Quebec Canada while conspiring with the ex-home owners to have their extra keys copies released to a proposed intruder agent(s) to through poison on the plaintiff Saturn while he's asleep and while applying satellites sabotage to magnetize the plaintiff Saturn on the mattress.

30. The plaintiff believes that Defendant A.B.I.A. had contacted The City of Austin and they had agreed on malicious attack on the plaintiff Saturn.
31. The forum discussion at A.B.I.A. is primarily maintained by anti-origin moderators chosen from anti-origin community members. Their defamatory public speech slandering and Libel practice appeared to be serious, should have suggest the plaintiff Saturn to be in serious injury and harm while they were all planning to commit violent felony.
32. Defendant A.B.I.A. were violently believing in committing felony after they were highjacked by permanent Israeli traveler and worker at National Instrument Austin Tx. of nickname father of Tom who may had been profiling the Plaintiff as well as his son was doing in Austin Community College. Tom was slandering defamatory public speech similar to Starbucks Arboretum Market manager hate speech which consisted of: "You see the Lebanese guy over there, he's terrorist."
33. Plaintiff Saturn had found many new friends on his myspace account with every friend of account with more than fifty thousand users. It was not known what they were doing in their accounts. They may be gangs' stalkers hired by A.B.I.A. managements.
34. Plaintiff Saturn has never promoted violence against women.
